with the continued BTC trending upwards
10/28/2020, 10:49 AM
his strats are going to continue incurring losses
10/28/2020, 10:49 AM
relevant especially related to his claims on performance re fund and prop
10/28/2020, 10:51 AM
if I shut him down today (v likely) then his losses will be approx 56 BTC so approx \$760k
